

PREVENT SLIPS, FALLS AND INJURIES

KEEPING YOU STANDING: Grab bars are a sturdy and reliable support system for people of all ages and abilities. Installing the right grab bar in your home can prevent falls and provide extra support, especially in areas like bathrooms where surfaces can be slippery. Grab bars can be installed in a horizontal, vertical, or diagonal position. The right position for home and bathroom safety depends on your specific needs. Springs Grab Bar evaluates your situation and provides you with the right positioning, ensuring your safety and security. Springs Grab Bar has a wide variety of styles to match any decor, and with years of experience in the tile and grout industry, you can be confident your grab bar is securely mounted.
